

February 2020

Dear Colleague,

First and foremost, thank you for your interest in attending the 3-day *PREP 8.0* Certification training on April 14-16, 2020 at 600 S Colorado Blvd, Denver, CO 80246.

Before you register, we'd like to clarify:

1. Authorizations:

This training authorizes you to implement the all PREP curricula including:

- Got Your Back
- Within My Reach
- Business PREP (Winning the Workplace Challenge)
- On My Shoulders
- Walking the Line

2. What a Training *Is* and *Is Not*:

This training is in the *PREP 8.0* curriculum. The training will walk you through each of the lessons, learning not only what is taught but why it is taught.

This training is not designed to teach people how to be effective presenters. Rather, it is designed to help effective presenters (instructors) learn the core methods, content, and strategies of this curriculum and how we generally teach it. In other words, it is assumed that attendees already have, or will learn from other sources, basic presentation/public speaking skills. People can certainly be effective in teaching this curriculum to couples without being professional speakers. In fact, we have much evidence in our studies that this is the case. However, this training is not designed to take a person who does not like to be in front of others teaching and make that person effective at marriage/relationship education. Good people skills and comfort being in front of others are essential to being an effective educator of any type.

It is also important to know that this training is in a curriculum. While we cover various aspects of how to run an overall program for helping couples and families—giving our impressions and anecdotes about what has worked and not worked—this training is not intended to teach how to set up and run a system of services. It's focused on how to understand and teach the principles of this curriculum. If you would like technical assistance on topics such as service delivery, evaluation of outcomes, marketing to couples, etc. please contact the PREP office and ask about Technical Assistance.

3. Estimated Training Schedule:

Please plan on attending the full training. The schedule calls for the course to start at 8:00am on Tuesday, April 14th ending at 4:00pm on Thursday, April 16th. Please make sure your travel arrangements allow for you to attend from start to finish in order to receive your certificate of completion (mailed to your listed address within 2 weeks after completion of training).
